

Ashutosh Patidar

7879506672 | ashupatidar23220@gmail.com | Indore, Madhya Pradesh

Summary

"Passionate Python developer skilled in Python full stack development, dedicated to creating robust web applications and contributing to innovative tech solutions."

Projects

Photo Studio

Python Full Stack Developer | 11/2024 - 12/2024

"During my photo studio experience, I designed an advanced website using the Django framework, allowing users to book their events, such as pre-wedding, birthday shoots, and other occasions, online. The website features a responsive design, user-friendly interface, and secure booking system, ensuring a seamless and convenient client experience."

COLLEGE WEBSITE

05/2024 - 12/2024

This Django project is designed to allow users to enter their roll numbers to view their results. It includes a CAPTCHA for validation, ensuring that the form is not submitted automatically by bots.

Aaradhyadhama Website

Python Full Stack Developer | 08/2024 - 09/2024

Aaradhyadhama Web Solutions is a forward-thinking digital agency blending ancient wisdom with modern technology to deliver exceptional web, mobile, and software development services. We work closely with our clients to create tailored digital solutions that drive business growth and success.
